

There are 3 Primary Colors.

**There are 3 Primary
Chemistry Analyzers.**

RA-500

12 Resident methods. 120 tests/hr.

ECONOMICAL

RA-1000

15 Resident methods. 240 tests/hr.

EASY

RA-2X

27 Resident methods. 720 tests/hr.

EFFICIENT

There are
TECHNICON RA systems
performing over 75 methods
including end points, rates,
electrolytes, TDM's, serum proteins,
and DAU's in over 2,000 labs, worldwide,
24 hours per day, seven days per week.

All TECHNICON RA systems including
the all new TECHNICON RA-500™ may be acquired
through Technicon's new Cost Management Plan which provides
a five year warranty and five year reagent price protection.

For details on how you can reduce your operating
costs and increase testing capabilities, just call Daphne Williams
at 1-800-431-1970.
