PEARLS OF LABORATORY MEDICINE

Clinical Chemistry Trainee Council (CCTC) is a free online program for residents and fellows in laboratory medicine. The program provides a wealth of free educational materials and interactive tools. A valuable feature of the CCTC is the Pearls of Laboratory Medicine. The Pearls are brief presentations on one key topic succinctly presented using slides, audio, and transcript supplements.

Join the CCTC today (traineecouncil.org) for free access to the following Pearls of Laboratory Medicine. With nearly 100 Pearls now available, 10 are highlighted here.

DNA Sequence Nomenclature and Variant Interpretation

Lora Bean
10.15428/CCTC.2013.214643

Quantitative Real-Time PCR
Katie M. Bennett
10.15428/CCTC.2013.213967

Management of Dyslipidemia: The European Approach
Michel R. Langlois
10.15428/CCTC.2013.211664

Non-tuberculous Mycobacteria: Identification and Susceptibility Testing
Nira Pollock
10.15428/CCTC.2013.212084

Pharmacogenetics in Pain Management
Gwen A. McMillin
10.15428/CCTC.2013.212456

Hereditary Pancreatitis
Honey Reddi
10.15428/CCTC.2013.209742

Genetic Testing for Hereditary Breast Cancer
Melody Caramins
10.15428/CCTC.2013.211755

Allowable Total Error, TEa
Lakshmi Kuchipudi-Yerneni
10.15428/CCTC.2013.210835

Hyperkalemia
Roy Peake
10.15428/CCTC.2013.210765

Multiple Endocrine Neoplasia Syndromes
Honey Reddi
10.15428/CCTC.2013.209973

ON THE COVER W. Greg Miller. If science had not intervened in his life, we might have known him as Father Miller instead of Doctor Miller. Fortunately for us, he ended up in clinical chemistry. He is an avid sport and racecar driver and enthusiast, an avocation where apparently some praying has been in order while Greg has been at the wheel. He approaches his hobby the same way he approaches his work life – with precision and fast pace – having succeeded at both. This month's Inspiring Minds article explores the many facets of Greg Miller, a personal story that is indeed "inspiring." (See page 673.) ©Reproduced with permission. Artist, Martin A. Knapp.

Technology Corner, podcasts, color figures for Reviews, and Clinical Chemistry Trainee Council sponsored by Department of Laboratory Medicine, Boston Children's Hospital.

Clinical Chemistry podcast coming soon to <http://www.clinchem.org>.

Individual articles may be selected to be a part of the Fast Track Program. Articles receive an expedited review, decision, and, if accepted, rapid online publication.
